Recycling experts meet in Cologne

Advanced Recycling Conference (ARC)

Dear Business Partners,

Advanced recycling technologies are developing at a fast pace, with new players constantly appearing on the market, from start-ups to giants and everything in between – new plants are being built or upscaled, new capacities are being achieved, and new partnerships are being established.

For the second time the nova conference on Advanced Recycling will take place. Hear and discuss about advanced recycling technologies and renewable chemicals, building blocks, monomers, and polymers based on recycling.

Come to network and meet the experts in Cologne at the **Advanced Recycling Conference (ARC)**.
28–29 November 2023, Cologne, Germany (Hybrid Event)
